Remedies. Effect marvelous, Complete cure in five weeks. Saved his life.

Our oldest child, now six years of age, when an infant six months old, was attacked with a virulent, malignant skin disease. All ordinary remedies failing, we called our family physician, who aftempted to cure it, but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash, ugly, painful, blotched, and malicious. We had no rest at night, no peace by day. Finally, we were advised to trythe Cuticura Renkraes. The effect was simply marvelous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion, your valuable remedies saved his life, and to-day he is a strong, heaithy child, perfectly well, no repetition of the disease having occurred.

Blotches and Scabs from Head to Feet. My boy, aged nine years, has been troub-led all his life with a very bad humor, which appeared all over his body in small red blotches, with a dry white scab on them. red blotches, with a dry white scab on them. Last year he was worse than ever, being covered with scabs from the top of his head to his feet, and continually growing worse, although he had been treated by two physicians. As a last resort, I determined to try the CCTICURA REMEDIES, and am happy to say they did all that I could wish. Using them according to directions, the humor rapidly disappeared, leaving the skin fair and smooth, and performing a thorough cure. The CUTICURA REMEDIES are all you claim for them. They are worth their weight in gold to any one troubled as my boy was.

### CHOKING CATARRH.

Have you awakened from a disturbed sleep with all the horrible sensations of an assassin clutching your throat and pressing the life-breath from your tightened chest? Have you noticed the languor and debility that succeeded the effort to clear your throat and head of this catarrhal matter? What a depressing influence it exerts upon the mind, clouding the memory and filling the head with pains and strange noises? How difficult it is to rid the masal passages, throat and lungs of this poisonous mucus all can testify who are afflicted with catarrh. How difficult to protect the system against its further progress towards the lungs, liver and kidneys all physicians will admit. It is a terrible disease, and cries out for relief and care.

While owing to the continued dry weather the prospects for cotton are less encouraging than a week ago, nothing has transpired to warrant anything but the best anticipations for the fall trade. Even without another drop of rain it is conceded on all sides that the crop will be considerably in excess of last year in the section immediately tributary to Austin. In addition to this the Alliance cotton yards located here, and about completed, will cause a much larger quantity of the staple to be marketed here than otherwise would be the case. Altogether the prospects are fair for a fine fall business, which will be in full blast inside of two weeks.

There have been some changes since our last weekly report, which will be found in the price current below. Butter and eggs are both on the rise, and in fact all country produce is more scarce and tends to ad-

Boston, Aug. 6.-There was a fair m ment in wool, confined mostly to small lots and prices were without material change. Holders are not disposed to accept lower prices for wool which cost them high prices and prefer to wait until the monufacturers' stocks are partially exhausted, and they are obliged to buy. Ohio and Pennsylvaniafleeces have been selling at 33c for X, 34 to 35c for XX and 35 to 36c for XXX and above, and 38c for No. 1. Michigan fleeces move slowly at 32c. In combing and delaine fleeces there have been small sales of No. 1 comb-ing at 40c and Ohio fine delaine at 30c.

Lucky Southerners. A LUCKY LADY.

"Yes, sir; I have received the coin, and shall apply it to good purposes," replied Miss Annie Dawce, of Strawn, Texas, to our reporter. Miss Dawce was the for-tunate holder of one-fortieth of ticket No. 61,605, which drew the first capital prize of \$600,000 in the drawing of the Louisiana State Lottery on June 18. Miss Dawce modestly stated that she bad been investing in the monthly drawings for some time with more or less fortone, and had always felt confident of winning one of the large prizes. "I represent in this ticket," she said "a pool of seven, who are equal sharers in my good fortune." The following named ladies and gentlemen comprise the "incky seven," each of whom received \$2,141.10 after paying the expenses of collection: Miss Dawce, Mrs. J. J. Coe, J. S. Cronch, John Grant, J. M. Bullard, J. S. Hapgood and W. B. Dowell. All the parties are connected with the Bridge Department of the Tex asand Pacific reil road.-Weatherford (Texas) Constitution, July 3.

FIFTEEN THOUSAND DOLLARS FOR ONE. Fifteen thousand dollars in return for the expenditure of one dollar is not a bad investment, as all will admit, and that was the good fortune that befell our young townsman, Mr. Felix Hiller, who held one fortieth of ticket No. 61,605 that drew the capital prize of \$600,000 in the June Drawing of the Louisiana State Lottery, and his share thereof, \$15,000, was promptly paid to him through the Canton Exchange bank.

As regularly as the months roll round the papers chronicle the good fortune of those on whom the fickle goddess bestows her blessings through the agency of the Louisians State Lottery. This is not the first time winning numbers have been held in our town, but so large an amount as that won by Mr. Hiller has not heretofore come our way. We congratulate our townsman on his good fortune. The next drawing will take place on Tuesday, August 13, the capital prize being \$300,000. Will some lucky Cantonian score another winning? Who can tell? Tickets can be had by addressing M. A. Dauphin, New Orleans, La.—Canton (Miss.) Citizen.

That Tired Feeling

Afflicts nearly everyone in the spring. The system having become accustomed to the bracing air of winter is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expells all impurities from the blood. Try it this season.

Shouldn't the fork of a river be near its mouth?

"'Tis better not to be, than be unhappy," and no one can be happy whose system is deranged by poisonous secre-tions. Nearly all ills that flesh is heir to arise from torpid liver and derangement of the digestive organs. Dr. Pierce's Pleasant Purgative Pellets correct irregularities of the liver, prevent constipation and promote good health. Buy them of your druggist.

There are ninety-five people in England whose incomes are over fifty thousand pounds a year.
